

Setting Your Own Seder Table

If you would like to set your own Seder table, you will want to include the following

- Wine or Grape Juice for Kiddush
- Challah
- Dates
- Pomegranate
- String Beans or Sesame Seeds
- Leeks or Scallions
- Beet
- Pumpkin or Gourd
- Fish Head (or Swedish Fish or Fish Crackers)
- Apples
- And of course, your jar of Congregation Beth David Honey

Some people cook the various fruits and vegetables and serve them as part of the meal, while others set them on a plate and use them as symbols at the Seder.
